

Consent Phrases

“Yes, I would like that!!”

Perfection!!! A clear answer of enthusiastic consent. You may proceed.

“No, thanks anyway!!”

Perfection!!! A clear answer of **non consent**. You may **NOT** proceed. Accept the answer and move on. **DO NOT** try to pressure by asking again and again. (Don't be that annoying panda!)

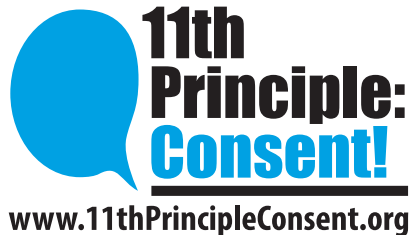

“Um, I am not sure.” or “I don't know.”

Hmmmmmm. This is a tricky one....

NO IT IS NOT! “I am not sure” is a “NO” until it is a clear and conscious “YES”... forever and ever, one hundred years, dot com!

“I'm too drunk...” or “I am really fucked up.”

Too drunk / fucked up = unable to operate machinery = 100% HELL NO
This is where you become a hero and put this drunk / fucked up person in a safe place where they can recover in peace.

Respect Others

Don't assume what another person wants.

That will get you in trouble.

*LISTEN to the words they say *and* their body language!!*

Respect Yourself

Openly communicate your feelings. Say “yes” or “no.”

Do not be afraid to say “no.”

You are the Capitan of your ship!!
